

REMARKS/ARGUMENTS

Favorable consideration of this application is respectfully requested.

The present application is a continuation application of U.S. Application Serial No. 09/666,128, filed September 20, 2000, which has been allowed.

The present new continuation application is submitted to prosecute new Claims 1-9 presented as original claims. By the present preliminary amendment, the specification is modified to include a cross reference to related applications and Claims 1-9 are presented for examination. Claims 1-9 are deemed to be self-evident from the original disclosure and thus are not deemed to raise any issues of new matter.

The present application is believed to be in condition for a full and thorough examination on the merits. An early and favorable consideration of the present application is hereby respectfully requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
